

California Portland Cement Company
has acquired the assets of
iMix Group, LLC

We are pleased to congratulate our clients on the successful completion of one of Arizona's largest acquisitions of 2007.

The transaction required our escrow team to track dozens of creditors and to execute more than 40 payoffs at closing. In addition, we issued title insurance coverage in excess of \$30,000,000 for multiple sites located throughout Arizona.

Diane Carpenter, Vice President, and Tony Choe, Senior Title Officer, spearheaded the complicated engagement.

We thank our clients for continuing to support us as the premier provider of commercial title and escrow services!

Best wishes for 2008,

Frank W. Busch III
President
