

Thomas Title & Escrow Announces New Website and 2009 Results

We are pleased to announce the redesign of www.thomastitle.com (see the screenshot below). Our new website contains several upgrades and additional user amenities, including our improved [Title Trove](#)SM resource bank and our state-of-the-art [Transaction Access Portal](#)SM(TAP).

The renovated [Title Trove](#) is a comprehensive repository of research tools, public records, title endorsements and other industry information for all 50 states and all U.S. counties. Its links include:

- Official state websites and agencies
- State Treasurers and Secretaries
- County Assessors, Recorders, Treasurers, etc.
- UCC filings and corporations searches
- GIS and other mapping systems
- Fully indexed ALTA and CLTA forms of title endorsements (to both view and download)
- Relevant articles and other industry information

The new website also features improvements to our unique, password-protected [Transaction Access Portal](#) (TAP), through which our clients and their advisors can "TAP IN" (log in) to access transaction documents and file details. Click [here](#) to learn more about TAP and its benefits and capabilities.

Summary of 2009 Results

2009 was a breakout year for our company. Despite very challenging market conditions, total revenues grew by 51% compared to 2008. Profits also grew by 119% percent in 2009 compared to 2008, even as we more than doubled our employee headcount in 2009 to 13 full-time employees. Our firm was named an "Outstanding Agent" by First American Title Insurance Company for the second consecutive year and we were named an "Arizona Company to Watch" by the Arizona Small Business Association.
